OF  
THE CITY UNIVERSITY OF NEW YORK  
NEW YORK, N. Y. 10031

SCHOOL OF ENGINEERING  
DEPARTMENT OF COMPUTER SCIENCES

(212) 690-

Dear Mr/Ms :

January 15, 1992

This is a letter of recommendation for Ms. Alida Segal. I have known Ms. Segal for about 4 years as a student in the Department of Computer Sciences at The City College of New York. She has taken my graduate classes in Artificial Intelligence and a Project. I have been, also, the Thesis Adviser for her Master Thesis "New Trends in Cryptology".

I have found Ms. Segal to be a superior student, hard working, dedicated, independent, responsible and conscientious. She has shown to have strong research capability, original ideas and solid analytical and interpersonal skills.

I personally believe she will work very well in a research environment and make a valuable contribution to a team.

She is highly recommended and I wish her success in her future position.

Sincerely,

  
Michael Anshel

Professor of Computer Sciences and  
Graduate Advizer
